Historical Background of The Real Book Series

The Origins and Evolution

The Real Book series originated in the 1970s, initially circulated as mimeographed compilations among jazz musicians in New York City. Over time, multiple editions and publishers emerged, each with varying degrees of accuracy and

completeness. The series' unofficial nature led to legal challenges, but its practical utility kept it in widespread use. The series has gone through numerous updates and revisions, with Volume III C Edition 3 being one of the most recent.

Legal and Copyright Considerations

Because the original editions were not authorized by copyright holders, the series existed in a legal gray area.
