Common Mistakes to Avoid When Writing Thesis Statements

Even experienced writers can make errors with their thesis statements. Here are some pitfalls to watch out for:

- **Being too vague:** Avoid statements like "This paper discusses..." which do not specify your

position.

- **Making it too broad:** Statements covering too many ideas can be confusing and unfocused.
- **Stating a fact instead of an argument:** For example, "The Civil War was fought over slavery?" is a statement of fact, not a thesis.
- **Using emotional language or bias:** Keep your thesis objective and supported by evidence.
