- Ensure compliance with environmental and social standards.

The procedural manual acts as an operational guideline that consolidates legal provisions, application procedures, approval mechanisms, and post-investment obligations.

Legal and Institutional Framework

Understanding the legal landscape is essential for foreign investors. The core laws and institutions involved include:

- Foreign Investment and Technology Transfer Act, 2019 (FITTA): The primary legal instrument governing foreign investments.
- Company Act, 2063 (2006): Regulates company formation and operations.
- Investment Board Nepal (IBN): The apex body responsible for investment approvals, especially

for large-scale projects.

- Department of Industry (DoI): Oversees industrial licensing and registration.
- Nepal Rastra Bank: Manages foreign exchange and repatriation of profits.
- Ministries and Regulatory Bodies: Various sector-specific regulators.

The manual synthesizes these legal provisions into a coherent procedural pathway, emphasizing transparency and efficiency.

Pre-Investment Considerations and Sectoral Policies

Before initiating the investment process, investors must conduct due diligence regarding sector-specific policies, restrictions, and incentives:

- Open Sectors: Manufacturing, tourism, IT, finance, and hydropower have relatively liberal policies.
- Restricted Sectors: Certain sectors like defense, security, and postal services have limitations.
- Incentives: Tax holidays, customs duty exemptions, land lease benefits, and repatriation facilities.

A preliminary review of the sectoral manual helps investors identify eligibility, restrictions, and benefits.

- Inconsistent Inter-Agency Coordination: Variations in procedural interpretations among agencies

can cause confusion.

- Environmental and Social Compliance: Stringent and sometimes ambiguous environmental policies can slow approvals.
- Lack of Digital Integration: Manual and paper-based processes reduce efficiency.

The manual acknowledges these issues and advocates ongoing reforms, including digitization and streamlining of procedures.
